PROFILE

Operations and innovation professional with experience scaling complex, data-driven systems across early-stage tech and government. Background spans full-stack marketplace operations, large-scale public-sector AI initiatives, and consulting. Proven track record owning end-to-end operations, building automation infrastructure, and translating data into decisions at pace.

EXPERIENCE

Operations & Innovation Manager

Sept 2025 – Present

Endless, Dubai, UAE

- Owned end-to-end operations across a 300+ seller, 2,000+ product two-sided circular fashion marketplace, maintaining listing accuracy, inventory integrity, and fulfillment quality at scale.
- Designed and deployed automation workflows across n8n, Zapier, Shopify Flow, and ManyChat, eliminating 10+ hours of weekly manual work across order management, inventory tracking, and logistics.
- Built real-time reporting infrastructure across Shopify, Klaviyo, Meta, and Metabase for 5 stakeholders, cutting leadership reporting turnaround from 3+ days to same-day.
- Managed a five-figure monthly Meta ads budget end-to-end: creative design, audience targeting, campaign setup, and funnel optimization, improving ROAS quarter-on-quarter.
- Designed and launched The Vault, a password-protected luxury resale channel, driving 100+ listings at launch with automated access delivery to 500+ users via ManyChat.
- Built and maintained Shopify store infrastructure including product pages, promotional tiles, partner integrations, and policy documentation.

Workforce Programs Data & Documentation Analyst

Apr – Jul 2025

City of Atlanta, Dept. of Aviation, Atlanta, GA

- Designed and implemented standardized KPI frameworks across 8+ citywide workforce programs, enabling consistent performance tracking and auditability across departments.
- Built structured data templates and documentation standards to improve accuracy, accessibility, and compliance at a departmental level.

Innovation Strategist & Business Analyst

Aug 2023 – Apr 2025

City of Atlanta, Dept. of Procurement, Atlanta, GA

- Led a \$1.1M AI-driven initiative to automate spend analysis and reporting across 10+ departments, reducing reporting lag by 60% and improving visibility into high-impact cost centers.
- Scoped and managed cross-departmental data projects, translating complex operational requirements into structured analytical frameworks for senior stakeholders.

Deals Intern, Business Restructuring Services

Jun – Aug 2022

PwC, Dubai, UAE

- Modeled restructuring and cash-flow scenarios for MENA-based clients, supporting risk assessment and commercial decision-making across live client mandates.
- Contributed to cost-control frameworks and restructuring recommendations, working directly with senior advisors across multiple engagements.
